

TITLE 14: COMMERCE  
SUBTITLE C: ECONOMIC DEVELOPMENT  
CHAPTER I: DEPARTMENT OF COMMERCE AND ECONOMIC OPPORTUNITY

PART 548  
BROADBAND GRANT PROGRAMS

SUBPART A: GENERAL PROVISIONS

10	Section	
11	548.10	Purpose
12	548.20	Definitions
13	548.30	Funding Sources

SUBPART B: CONNECT ILLINOIS GRANT PROGRAM

17	Section	
18	548.40	Program Description
19	548.50	Eligible Project Activities
20	548.60	Grantee Eligibility Requirements
21	548.70	Administrative Requirements
22	548.80	Allowable Costs

24 AUTHORITY: Implementing Section 4-1 of the Broadband Infrastructure Advancement Act  
25 (P.A. 102-0699), and Section 605-20 of the Department of Commerce and Economic  
26 Opportunity Law [20 ILCS 605].

28 SOURCE: Adopted at 47 Ill. Reg. \_\_\_\_\_, effective \_\_\_\_\_.

SUBPART A: GENERAL PROVISIONS

**Section 548.10 Purpose**

34 This part implements the Broadband Infrastructure Advancement Act. Investments in the State’s  
35 bridges, roads, rail system, high-speed internet, and electricity are essential to the public safety,  
36 economic viability, and equity of all citizens in every part of Illinois. The persistent digital divide  
37 in Illinois is a barrier to the economic competitiveness in the economic distribution of essential  
38 public services, including health care and education. This digital divide disproportionately  
39 affects communities of color, lower-income areas, and rural areas. The purpose of the Broadband  
40 Infrastructure Advancement Act is to establish in administrative rule the Connect Illinois  
41 Broadband Grant Program, creating added certainty in advance of federal funding available to  
42 the State through the Infrastructure Investment and Jobs Act and the American Rescue Plan Act  
43 of 2021.

**Section 548.20 Definitions**

"ARPA" means the American Rescue Plan Act of 2021, Section 9901, P.L. 117-2, 42 U.S.C. 802.

"Build Illinois" means the Build Illinois Bond Fund [30 ILCS 105/5.160].

"Capital Improvement" means a project with a purpose to physically expand or physically improve upon infrastructure necessary for internet service delivery.

"DCEO" means the Department of Commerce and Economic Opportunity.

"Economically Distressed Area" means a census tract which meets one of the following four tests:

Poverty rate of at least 20%; or

75% or more of the children in the area are eligible to participate in the federal free lunch or reduced-price meals program; or

At least 20% of the households in the area receive assistance under the Supplemental Nutrition Assistance Program (SNAP); or

Average unemployment rate that is more than 120% of the national unemployment average, for a period of at least two (2) consecutive calendar years preceding the date of the application.

The Department maintains a map of areas that meet these qualifications on its website.

"Eligible Entities" means an incorporated business or partnership; a political subdivision; a nonprofit organization; a cooperative association; or a limited liability corporation organized for the purpose of expanding broadband access. Illinois public school districts are eligible to apply but may be encouraged to leverage other available federal or education-specific funding prior to an award.

"GATA" means the Grant Accountability and Transparency Act [30 ILCS 708].

"GATA Rule" means the administrative rules of the Governor's Office of Management and Budget found at 44 Ill. Adm. Code 7000.

"Grantee" means any applicant for a grant award under this program whose

87 proposal is funded by the Department.  
88

89 "IIJA" means the Infrastructure Investment and Jobs Act, P.L. 117-58.  
90

91 "Last Mile Infrastructure" means broadband installation that serves as the final leg  
92 connecting the broadband service provider's network to the end-user customer's  
93 on-premises telecommunications equipment.  
94

95 "Middle Mile Infrastructure" means broadband construction that links a  
96 broadband service provider's core network infrastructure to last mile  
97 infrastructure.  
98

99 "Program" means the Connect Illinois Broadband Grant Program.  
100

101 "Qualified Illinois City" means an Illinois city with 75,000 residents or more in  
102 population  
103

104 "Rebuild Illinois" means the Rebuild Illinois Projects Fund.  
105

106 "State" means the State of Illinois.  
107

108 "Uniform Guidance" means the Uniform Administrative Requirements, Cost  
109 Principles, and Audit Requirements for Federal Awards, 2 CFR 200.  
110

111 "Underserved Area" means an applicant designated project area of Illinois in  
112 which households, businesses, or community anchor institutions have wireline  
113 broadband access of at least 25/3 Mbps but less than 100/20 Mbps, reflected in  
114 broadband mapping utilized by DCEO for the Connect Illinois program.  
115

116 "Unserved Area" means an applicant designated project area of Illinois in which  
117 households, businesses, or community anchor institutions lack access to wireline  
118 broadband service of at least 25/3 Mbps, reflected in broadband mapping utilized  
119 by the DCEO for the Connect Illinois program.  
120

121 **Section 548.30 Funding Sources**  
122

- 123 a) American Rescue Plan Act of 2021 ("ARPA") Capital Projects Fund (P.L. 117-2).  
124  
125 b) The Build Illinois Bond Fund [30 ILCS 425/4 (b)].  
126  
127 c) Funding for grants may be provided by any source of funding as permitted by  
128 State and federal law.

**Section 548.40 Program Description**

The Connect Illinois Broadband Grant Program represents an integral and strategic component of both the comprehensive 2019 Rebuild Illinois infrastructure program and the State’s five-year economic plan to expand economic opportunity and reduce socioeconomic gaps through equity investment. The purpose of the Connect Illinois Broadband Grant Program is to make capital improvement grants to eligible entities to achieve universal broadband access for homes, businesses, and community anchor institutions. At the same time, Connect Illinois seeks progress in digital equity and inclusion while leveraging investment in new broadband infrastructure to spur advances in use and innovation for such areas as agriculture, economic development, education, and telehealth.

**Section 548.50 Eligible Project Activities**

- a) The Department shall make grant awards to eligible entities as described in this Part, contingent on available funds. The grants shall be made to support one or more of the following activities as permitted by the applicable Notice of Funding Opportunity:
  - 1) Broadband Access for Illinois homes, businesses, and community anchor institutions in unserved or underserved areas.
  - 2) Broadband Innovation for economic development and related activities.
  - 3) Urban Broadband for expanded access and/or innovation in qualified Illinois cities of 75,000 residents or more.
- b) Allowable activities are limited to capital improvement expenses. All Connect Illinois projects must include infrastructure expansion scalable to speeds of at least 100 Mbps download and 100 Mbps upload upon deployment.

**Section 548.60 Grantee Eligibility Requirements**

An eligible applicant for a grant award under the Connect Illinois Grant Program shall meet the definition of an eligible entity under Section 20. To be eligible for a grant award, an applicant shall have an active GATA registration and be qualified on the GATA Grantee Portal (<https://grants.illinois.gov/portal/>) at the time the application is submitted.

**Section 548.70 Administrative Requirements**

Grant opportunities and awards will be administered in a manner that complies with all State and

173 federal requirements applicable to each funding opportunity, including, but not limited to GATA,  
 174 the Uniform Guidance and all applicable State or federal laws or guidance (e.g., U.S. Department  
 175 of the Treasury guidance at [https://home.treasury.gov/policy-issues/coronavirus/assistance-for-](https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds)  
 176 [state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds](https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds)). Grant applicants and  
 177 grantees shall review all application materials and grant award documents, and shall follow the  
 178 requirements listed in this Section.

179

180 a) Application Process

181

182 1) The Department will post one or more Notices of Funding Opportunity  
 183 (NOFO) on the GATA Grantee Portal (<https://grants.illinois.gov/portal/>)  
 184 seeking applications from eligible entities contingent upon available  
 185 funds. Funding is available for one or more of the eligible project  
 186 activities listed in Section 548.50. A single NOFO may seek applications  
 187 for more than one type of project. Applicants shall submit their application  
 188 materials by the deadlines set by the Department in the NOFO, which will  
 189 be at least 30 days after the NOFO posting.

190

191 2) As part of the application, applicants shall provide the following  
 192 information about the proposed project:

193

194 A) a description of the purpose of the grant project;

195

196 B) a project dashboard summarizing key activities including a  
 197 description of activities, eligible costs, communities served,  
 198 technology and infrastructure metrics;

199

200 C) a description of the overall project;

201

202 D) a description of the broadband related problems and challenges  
 203 facing the targeted communities and customers, needs and gaps,  
 204 the shortcomings of existing solutions, challenges with prior  
 205 attempts to solve the problem and how the project significantly  
 206 solves the problem;

207

208 E) a description of the project's solution to the broadband related  
 209 problem including the network technology, internet services and  
 210 business strategy to drive adoption;

211

212 F) a description of the targeted beneficiaries of the project that  
 213 addresses the location of the communities, market size, economic  
 214 conditions of the service areas, and targeted customer segments,  
 215 including providing information on the unserved and/or

- 216 underserved areas (if applicable) that will be included within the  
217 scope of the project;  
218
- 219 G) a description of anticipated social and economic benefits that will  
220 be realized by the distinct customer segments;  
221
- 222 H) a narrative description of the organization's mission and operating  
223 history;  
224
- 225 I) a description of the capabilities, experiences, and track record of  
226 the organization and its partners to successfully implement, operate  
227 and sustain the project;  
228
- 229 J) a description of the projects service area including a map of the  
230 proposed project area;  
231
- 232 K) project impact statement including, but not limited to, the number  
233 of serviceable user segments, list of premises served, and list of  
234 interconnection points;  
235
- 236 L) a narrative description of the specific social and economic benefits  
237 of connecting the following user segments – residents, businesses,  
238 community institutions, and other internet service providers;  
239
- 240 M) whether the project is providing broadband improvements to an  
241 economically distressed area;  
242
- 243 N) if applicable, the non-state matching funds and demonstration of  
244 financial need;  
245
- 246 O) the specific activities and costs proposed for the grant;  
247
- 248 P) a requested budget and supporting justification of the costs  
249 requested;  
250
- 251 Q) evidence of community support for the project;  
252
- 253 R) a detailed narrative regarding the project readiness;  
254
- 255 S) a description of the project viability and sustainability including  
256 network capacity and scalability, and financial sustainability; and  
257
- 258 T) pricing strategy, affordability and adoption assistance.

- 3) Applications will be accepted on an ongoing basis until the funds for the program are depleted or the application period closes, whichever comes first.
- b) Grant Award Selection
  - 1) Grants will be awarded to eligible entities following a merit review of the applications as required by GATA (44 Ill. Adm. 7000.350) and the applicable funding source. In evaluating applications, the Department will consider the following criteria:
    - A) The application indicates the overall project impact including the degree to which the project will improve broadband access to premises in unserved or underserved areas;
    - B) The applicant's demonstration of need and detailed, cost-effective budget;
    - C) The amount of non-state matching funds;
    - D) The level of community support for the project, including but not limited to local non-state matching funds and letters of support;
    - E) The overall project readiness;
    - F) The project's viability and sustainability;
    - G) The affordability and adoption assistance provided by the project;
    - H) The quality of the project including open access, shared use and business strategy; and
    - I) Any additional information to demonstrate or support the information submitted by the applicant for the proposed project.
  - 2) The Department shall give a priority to projects that include a cash match of nonstate funding – from private, federal, and/or local sources. There is no requirement for a nonstate match, however projects will be awarded a scoring preference on a tiered basis for applications providing for a nonstate match.
  - 3) The Department will also consider the relevant geographic balance;

302 project focus; and nonstate match.

- c) Grant Agreements  
Any entity awarded a grant shall execute a grant agreement that sets forth the rights and responsibilities of the grantee and DCEO. The Grant Agreement shall reflect all applicable State and federal statutory and administrative requirements, including but not limited to provisions covering expenditure of grant funds and utilization of property purchased with grant funds. The Department reserves the right to suspend or terminate a grant agreement, recover grant funds received under this Part or withhold any future funding for non-compliance with the grant agreement provisions and applicable State and federal law and regulations.
- d) Grant Disbursements  
Disbursement of grant funds from the Department will be made in accordance with a schedule included in the grant agreement. The Department will disburse funds based on the grantee making satisfactory progress to implement grant activities.
- e) Grant Performance, Monitoring and Reporting Requirements  
Grantees shall comply with all State laws, as well as all GATA and Department requirements, that are set forth in the grant agreement for grant performance, administration, monitoring and reporting, including monitoring any subrecipients.
  - 1) Grant performance goals and performance and expenditure reporting will be based on the specific grant project activities of each grant award and will follow GATA requirements (44 Ill. Adm. Code 7000.410), which include periodic financial and performance reports at least quarterly, or as required by the applicable funding source, and financial and performance close-out reports after the end of the grant term (see 44 Ill. Adm. Code 7000.440). The deadlines for all required reports will be set forth in the grant agreement.
  - 2) Grant audits shall be based on the standards set forth in the GATA requirements (44 Ill. Adm. Code 7000.90).
  - 3) Grantees must monitor their grant activities, and those of any subrecipients, to assure compliance with applicable State and federal requirements and to assure their performance expectations are being achieved. The Department will monitor the activities of grantees to assure compliance with all requirements and performance expectations of the award. Grantees shall timely submit all financial and performance reports, and shall supply, upon the Department's request, documents and information relevant to the award. The Department may monitor activities

345 through site visits.

- 4) Grantees shall comply with all applicable State and federal laws, including, but not limited to, the Prevailing Wage Act [820 ILCS 130], the Illinois Works Jobs Program Act [30 ILCS 559/20], the Business Enterprise Program for Minorities, Females, and Persons with Disabilities Act [30 ILCS 575], the Employment of Illinois Workers on Public Works Act [30 ILCS 570], the Environmental Protection Act [415 ILCS 5], the Illinois Endangered Species Protection Act [520 ILCS 10], the Illinois Natural Areas Preservation Act [525 ILCS 30], the Interagency Wetland Policy Act of 1989 [20 ILCS 830], and the Illinois State Agency Historic Resources Preservation Act [20 ILCS 3420].

- f) Grant Extensions  
Contingent upon the availability of funds and consistent with GATA as applicable, the Department may negotiate grant extensions and add funds for grant projects that were originally competitively procured and performed successfully.

- g) Records Retention  
Grantees shall maintain, for the period of years set forth in the GATA rules (44 Ill. Adm. Code 7000.430(a), (b)) and grant agreement, adequate books, all financial records and supporting documents, statistical records, and all other records pertinent to the Connect Illinois Broadband Grant Program. If any litigation, claim or audit is started before the expiration of the retention period, the records must be retained until all litigation, claims or audit exceptions involving the records have been resolved and final action taken. The applicable retention period will be dependent on the source of funding for the grant award. Grantees shall be responsible for ensuring that contractors and subrecipients comply with the retention requirements.

**Section 548.80 Allowable Costs**

Grant expenditures must comply with GATA, the Uniform Guidance and any applicable funding source, be reasonable and necessary and support one of the eligible project activities set forth in Section 548.50. Specific allowable grant costs associated with the acquisition and installation of middle mile and/or last mile infrastructure will be set forth in the applicable NOFO, based on the types of projects which are available for funding per the funding source, and will include one or more of the following:

- a) expenses for network design;
- b) expenses for project planning;

- 388
- 389
- 390
- 391 c) expenses for obtaining the required construction permits;
- 392
- 393 d) expenses for the facility construction including deployment of middle mile and/or
- 394 last mile infrastructure;
- 395 e) expenses for durable equipment; and
- 396 f) expenses for installation and testing of broadband service.
